

## **Accelerated Financial Solutions opens satellite office and brings new to Smithfield, Va.**

**CHESAPEAKE, VA, October 13, 2010** — [Accelerated Financial Solutions \(AFS\)](#), a Chesapeake, VA, financial services company, announced today that the company has opened a satellite office and call center in Smithfield, VA. Located at 39 Monette Parkway, the Smithfield office is home to almost 20 employees, most of whom are new hires.

The Smithfield facility, with 2,300 sq. ft., gives AFS the ability to expand even further and add up to 30 additional employees at the satellite office. Predicting even more growth, the fast paced company also obtained first right of refusal on an additional 5,000 sq. ft. of space in an adjacent facility.

AFS focuses on debt recovery and management, helping alleviate its customers from distressed debt. Noted in the industry for its commitment to customer service and high caliber of employees, the company only recruits and hires professionals dedicated to treating every person they contact with dignity and respect.

Recognized by *Inc. Magazine* as one of the nation's fastest growing private companies, AFS had reached capacity at its main headquarters, according to CEO Josh Tawes.

"The Smithfield office gives us the room we need to further grow," said Tawes. "With this expansion and satellite office, we literally doubled our work force and opened a new call center."

"We selected Smithfield for its small town atmosphere and close proximity to our headquarters," said Anthony Stile, COO for AFS. "We are pleased to add new jobs to the Smithfield economy, and this new office gives AFS the facilities needed to continue growing and adding even more jobs to the Hampton Roads area."
